Machinist

Tradesman

Machinist/Trades Vises

Proudly made in the USA, the Machinist and Tradesman round channel vises are designed to handle the most demanding clamping applications. Unlike most vises that have a fixed center nut these have a round channel vise nut that is anchored at the rear. This provides straight line pull and even pressure resulting in greater durability.

For ultimate versatility the Tradesman is equipped with main jaws, pipe jaws and a machined anvil work surface. The main jaws are serrated for a sure grip. The pipe jaws are grooved to prevent rotation of round stock and have a two step design to assure a firm hold on any diameter material. Jaws are replaceable on both the Machinist and Tradesman vises.

Part No.	Description	Price
WIL10011	3-1/2" Machinist Vise-Swivel Base, 3-1/2" Jaw Width, 5-1/4" Jaw Opening, 2-3/4" Jaw Depth	\$553.86
WIL63199	4-1/2" Tradesman Vise-Swivel Base, 4-1/2" Jaw Width, 4" Jaw Opening, 3-1/4" Throat Depth	\$446.17
WIL63200	5-1/2" Tradesman Vise-Swivel Base, 5-1/2" Jaw Width, 5" Jaw Opening, 3-3/4" Throat Depth	\$523.09
WIL63201	6-1/2" Tradesman Vise-Swivel Base, 6-1/2" Jaw Width, 6-1/2" Jaw Opening, 4" Throat Depth	\$584.63
